Expanding the Grid

Websites

http://www.moma.org/learn/teachers/online#course50
The Museum of Modern Art has resources for teachers on modern and contemporary artists like Mark Rothko and Eva Hesse, whose work can be seen in this exhibition.

http://www.metmuseum.org/connections/grids
In this video, an archivist and media tech from the Metropolitan Museum of Art speaks about her connection with grids and art-making.

http://www.pbs.org/art21/films
Art21 is a film series produced by PBS. Seasons one and two look at artists working today who reflect on art from the past, but also break boundaries to create something new for the future.

http://www.art-is-fun.com/grid-method.html
This website connects art and math and provides step-by-step instructions on how to use mathematical equations to create a grid and then how to use that grid to hand copy an image.
